

MrWind78,  
Governor of Harway

January 7th, 2023

Residents of Harway,

In the past two weeks, the Parks Services have suffered many setbacks, the resignation of two superintendents, resignation of the Chief Ranger of Internal Affairs. But today I speak to you with delight, as I believe I have finally found a good replacement for the former Superintendents that I hope will work to fix the Park Services in cooperation with my Office.

As the new Superintendent starts working with the department, I hope that the Park Services will finally be able to function properly.
